

Editor Desk

The Asian Journal of Pharmacy and Life Sciences (AJPLS) is an international journal launching on March 2011 and will be issued quarterly.

AJPLS is a platform established with the aim of motivating the students and researchers in the field of Pharmaceutical Research and Development. AJPLS publishes Pharmaceutical and Life science Reviews and Original Research Articles.

AJPLS aims to publish all the original research in the field of science so a correlation can be made between these researches. Knowledge gained by such researches can be exposed to all and it can be brought in real utilization as all the branches of science are correlated and will assist all the researchers to potentiate their research capabilities.

For that purpose I have invited number of specialists to serve as editors. At the same time, I welcome opinions and comments to improve the editorial policy of the AJPLS.

I am highly obliged and convey most sincere gratitude and kindest regards to authors, reviewers and editorial board members.

I hope you find this journal informative and useful. It is a new initiative. Your valuable comments and suggestions will help us improve the quality and content of the journal.

With regards and expecting whole hearted support.
